Assistant Professor, Oregon Health and Science University, Portland, OR, USA

Virginia Valentine

Sage Specialty Care for Diabetes and Endocrine, Albuquerque, NM, USA

touchREVIEWS in Endocrinology

Established: December 2005 Frequency: Bi-annual
Current edition: Volume 21 Issue 1, 2025

Aims and scope

- *touchREVIEWS in Endocrinology* enables time-pressured physicians to stay abreast of major advances and opinions in endocrine practice.
- *touchREVIEWS in Endocrinology* comprises balanced and comprehensive articles, addressing the most important and salient developments in the endocrinology field.
- *touchREVIEWS in Endocrinology* endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.
- Comprehensive bibliographies for each article mean that *touchREVIEWS in Endocrinology* is an informative and valuable reference tool for use throughout the year.
- All articles are subject to peer review, and must adhere to the ICMJE, GPP 2022, and COPE guidelines.

Structure and format

- *touchREVIEWS in Endocrinology* is a peer-reviewed, free-to-access, bi-annual journal comprising review articles, original research, case reports, editorials, expert interviews and practice pearls.
- The structure of each edition of the publication comprises section categories determined by the Editor. The degree of coverage assigned to each category is the decision of the Editor, and in part reflects the views of the Editorial Board.
- All articles disclose any author financial and non-financial relationships and activities, along with any funding, financial support and medical writing assistance.
- Each edition of *touchREVIEWS in Endocrinology* is published in full online at www.touchENDOCRINOLOGY.com

Editorial expertise

touchREVIEWS in Endocrinology is supported by various levels of expertise.

- Guidance from an Editorial Board consisting of leading authorities from a variety of endocrine disciplines.
- Invited contributors who are recognized authorities from their respective fields.
- Peer review: conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.

Peer review

- On submission, all articles are assessed by the Editor to determine their suitability for inclusion and appropriateness for peer review.
- The Editor identifies appropriate reviewers, who are selected on the basis of their specialist knowledge in the relevant area, following consultation with a member of the Editorial Board where necessary.
- We aim to have the final peer review decision within 4 weeks.
- Following review, papers are either accepted without modification, returned to the author(s) to incorporate required changes or not accepted for publication.

- The Editor reserves the right to accept or reject any proposed amendments on the advice of the Editorial Board and reviewers.

Submissions and instructions for authors

- The Editor commissions articles with guidance from the Editorial Board and unsolicited articles are welcomed.
- The Editor is always keen to hear from authors wishing to discuss potential submissions, and will give due consideration to any proposals. Please contact the Editor for further details: editorialmanager@touchmedicalmedia.com
- Instructions for authors are available from the website www.touchENDOCRINOLOGY.com

Distribution and readership

touchREVIEWS in Endocrinology is distributed globally, on a bi-annual basis, through controlled circulation to healthcare and pharmaceutical professionals in the field.

Abstracting and indexing

touchREVIEWS in Endocrinology (formerly *EU Endocrinology*) is abstracted, indexed and listed in PubMed Central, Embase, EBSO, Genamics JournalSeek, Google Scholar and IndexCopernicus.

Copyright

Authors transfer copyright of their article to Touch Medical Media, who publish the article as free-to-access to registered users.

Free-to-access

All articles are free-to-access, which allows anyone in the endocrinology field to download published articles free of charge.

Online resources

www.touchmedicalmedia.com provides clinicians and other industry professionals with free resources spanning nine therapy areas including cardiology, endocrinology, haematology, immunology, infectious diseases, neurology, oncology, ophthalmology, and respiratory and pulmonary diseases.

Society partners

touchENDOCRINOLOGY.com has developed very valuable society partnerships with the most respected not-for-profit medical societies internationally.

These partnerships are key as touchENDOCRINOLOGY.com helps to promote awareness of these medical societies while also providing free-to-access, peer-reviewed articles and multimedia content to the society members, which ensures that the industry is kept up-to-date with the latest cutting-edge content and opinion from world-renowned doctors.

About Touch Medical Media

Touch Medical Media publishes a rich and diverse portfolio of free-to-access, peer-reviewed journals across the clinical and pharmaceutical arenas. Touch Medical Media aims to assist in the education and practice of healthcare and pharmaceutical professionals. 

Contents

Foreword

1 Foreword

Linda Siminerio

Emeritus Professor of Medicine and Professor of Nursing, Health and Community Systems at the University of Pittsburgh, PA, USA

Commentary

Diabetes

2 Forty-four Years of the UK Prospective Diabetes Study: Legacy Effect and Beyond

Saptarshi Bhattacharya,¹ Sanjay Kalra,² Lakshmi Nagendra³ and Deep Dutta⁴

1. Department of Endocrinology, Indraprastha Apollo Hospitals, New Delhi, India; 2. Department of Endocrinology, Bharti Hospital, Karnal, Haryana, India; 3. Department of Endocrinology, JSS Medical College, JSS Academy of Higher Education and Research, Mysore, India; 4. Department of Endocrinology, Center for Endocrinology, Diabetes, Arthritis & Rheumatism, Dwarka, New Delhi, India

Reviews

Diabetes

5 Diabetes Care and Education: A Look Backward and Forward

Linda M Siminerio,^{1,2} Youjia Wang³ and Denise Charron-Prochownik³

1. University of Pittsburgh Medical Center, Pittsburgh, PA, USA; 2. Department of Medicine and Department of Nursing, Health and Community Systems, University of Pittsburgh, Pittsburgh, PA, USA; 3. Department of Health Promotion and Development, School of Nursing, University of Pittsburgh, Pittsburgh, PA, USA

9 The Role of Remote Glucose Management Using Real-time Continuous Glucose Monitoring Systems in ICU-hospitalized Patients with COVID-19

Georgios Logothetis,¹ Konstantinos Avramidis,² Evanthia Konstantaki,³ Vasiliki Matziou³ and John Doupis⁴

1. Department of Nursing, National and Kapodistrian University of Athens, Athens, Greece; 2. Hippocratio General Hospital, Athens, Greece; 3. Department of Nursing, National and Kapodistrian University of Athens, Athens, Greece; 4. Internal Medicine and Diabetes Clinic, Iatriko Palaioi Faliro Medical Center, Athens, Greece

14 Efficacy and Safety of Early Initiation of Sodium–Glucose Co-transporter-2 Inhibitors Following Acute Myocardial Infarction: A Systematic Review and Meta-analysis

Deep Dutta,¹ Lakshmi Nagendra,² ABM Kamrul-Hasan³ and Kunal Mahajan⁴

1. Department of Endocrinology, CEDAR Super-speciality Healthcare, Dwarka, New Delhi, India; 2. Department of Endocrinology, JSS Medical College, JSS Academy of Higher Education and Research, Mysuru, India; 3. Department of Endocrinology, Mymensingh Medical College, Mymensingh, Bangladesh; 4. Department of Cardiology, Himachal Heart Institute, Mandi, Himachal Pradesh, India

Liver Disorders

24 The Use of Non-invasive Biomarkers to Screen for Advanced Fibrosis Associated with Metabolic Dysfunction-associated Steatotic Liver Disease in People with Type 2 Diabetes: A Narrative Review

David M Williams,¹ Jagadish Nagaraj,² Jeffrey W Stephens^{1,3} and Thinzar Min^{3,4}

1. Department of Diabetes and Endocrinology, Morriston Hospital, Swansea, UK; 2. Department of Hepatology and Gastroenterology, Morriston Hospital, Swansea, UK; 3. Diabetes Research Group, Swansea University Medical School, Swansea University, Swansea, UK; 4. Department of Diabetes and Endocrinology, Neath Port Talbot Hospital, Swansea, UK

Contents

Reproductive Endocrinology

32 **Role of Sodium–Glucose Cotransporter-2 Inhibitors in Managing Polycystic Ovary Syndrome: A Systematic Review**

ABM Kamrul-Hasan,¹ Sunetra Mondal,² Fatema Tuz Zahura Aalpona,³ Lakshmi Nagendra⁴ and Deep Dutta⁵

11. Department of Endocrinology, Mymensingh Medical College, Mymensingh, Bangladesh; 2. Department of Endocrinology, Nil Ratan Sircar Medical College, Kolkata, India; 3. Department of Gynecology & Obstetrics, Khaliajuri Upazila Health Complex, Netrokona, Bangladesh; 4. Department of Endocrinology, Jagadguru Sri Shivarathreeshwara Medical College, JSS Academy of Higher Education and Research, Mysore, India; 5. Department of Endocrinology, CEDAR Superspeciality Healthcare, Dwarka, New Delhi, India

Original Research

General Endocrinology

42 **Changes in Urinary Aquaporin 2 and Serum Sodium After Catheterization in Elderly Patients with Syndrome of Inappropriate Antidiuretic Hormone and Urinary Retention: A Preliminary Hospital-based Study in Yangon, Myanmar**

Than Than Aye,¹ Mya Thanda Sein,² Phyo Thiha,³ Tin Myo Han,⁴ Htar Ni Aye,⁵ Yin Thu Theint,² Mie Mie Pyone,⁶ Kyaw Swar Thet,⁶ Thet Htun Zaw⁶ and Aye Moh Moh Han⁶

1. Grand Hantha International Hospital, University of Medicine 2, Yangon, Myanmar; 2. Department of Physiology, University of Medicine 2, Yangon, Myanmar; 3. Department of Medicine, University of Medicine 2, Yangon, Myanmar; 4. Primary Care Research Unit, Myanmar GPSociety, Grand Hantha International Hospital, Yangon, Myanmar; 5. Department of Medicine (Endocrinology), Ng Teng Fong General Hospital, Singapore; 6. Grand Hantha International Hospital, Yangon, Myanmar

Liver Disorders

48 **Performance of Simple Outpatient-based Biomarker Panels for Screening of Steatotic Liver Disease in Women with Morbid Obesity from Southern India**

Shubhashis Saha,^{1†} Shaleen Dass,^{1†} Kripa Elizabeth Cherian,¹ Stephen A Jiwanmall,² Dheeraj Kattula,² Sandhya Reddy,¹ Rajeeb Jaleel,³ Thomas V Paul¹ and Nitin Kapoor¹

1. Department of Endocrinology, Diabetes and Metabolism, Christian Medical College, Vellore, India; 2. Department of Psychiatry, Christian Medical College, Vellore, India; 3. Department of Gastroenterology, Christian Medical College, Vellore, India
